

Master MFA 2nd year, 2013-2014.

Each year, the courses offered in the 2nd year of the master MFA are centered around one of the research themes present in the Laboratoire de Mathématiques Nicolas Oresme.

During the year 2013-2014 the main courses will center around **Partial Differential Equations**.

For further information about these courses, please contact Professor Taoufik SASSI, , taoufik.sassi@unicaen.fr
